Wall Display Gallery Wraps

We offer both Fine Art Canvas and Lustre photographic paper Gallery Wraps with custom sizes between 8x10" and 40x60" Gallery Wraps arrive complete and ready to hang on the wall the moment they are received.

Gallery Wraps are available printed on a fine art canvas using an inkjet process or on Lustre Photographic Paper using a traditional canvas process. Lustre paper Gallery Wraps enhance the look and vibrancy of your image. With photographic print gallery wraps, an actual photographic print is created and its emulsion is stripped, bonded to canvas and wrapped around the wood frame.

Gallery Wraps are made with real wood and are 1.5" in depth. Mix and match lengths to create the perfect custom size.

All gallery wraps include a matte, semi-gloss, or high gloss laminate to protect the gallery wrap from scuffs, scratches, and cracking. The laminate also provides UV light protection.

Framing paper covers the back of the gallery wrap with metal hangers and corner bumpers, or choose the wire hanger option without paper backing. Your gallery wrap will be ready to hang on the wall the minute it arrives.

Float Wraps are created by wrapping the photographic print or canvas print around masonite to create a thin wrap. The print or canvas is protected with a laminate and padding is added between the print and the masonite to give the front of the Float Wrap a raised, elegant look and feel. The back of the Float Wrap is complete with black paper backing and a black 3/4" or 1.5" thick gatorboard block that allows the Float Wrap to extend out from the wall. The back of the block also contains drilled holes for hanging. Or, if you'd prefer to display your Float Wrap on an
